

# Modern Award Services

Ai Group provides a range of value-add services related to Fair Work Commission Modern Awards, including:

- Award Advice service
- Annotated Modern Awards.

## Award Advice service

Our Award Advice service is a free and exclusive component of Ai Group membership.

Whenever the Fair Work Commission publishes a determination that varies a Modern Award, we release a corresponding Award Advice detailing the changes. We email subscribers to the service to notify them of this new Award Advice.

Award Advice topics can range from wage rates and allowances to casual conversion, from shut down provisions to family and domestic violence leave.

Ai Group currently provides an Award Advice service for 69 Modern Awards, as shown in the table below. For more information, visit [Award Advices](#) on our website.

## Annotated Modern Awards

Ai Group's Annotated Modern Awards have long been among the services most valued by our members. The additional explanations, interpretations and guidance notes they offer are designed to help you and your business correctly interpret and apply the Modern Award in your workplace, ensuring your obligations are met.

Our Annotated Modern Awards are an incomparable resource, unmatched in the field.

Ai Group currently produces an Annotated Award for 15 Modern Awards, as shown in the table below. For more information, visit [Annotated Modern Awards](#) on our website.
